

SCE Pre-Owned EV Rebate – Program Eligibility Requirements

The following Program Eligibility Requirements apply to all Southern California Edison (“SCE”) Pre-Owned EV Rebate applications submitted on or after October 31, 2025. There are two rebates available under the Program: the Standard Rebate and Rebate Plus. Requirements for each rebate are explained below. Funds available for the Rebates are limited and are available on a first-come, first-serve basis.

I. Applicant Eligibility

To be eligible for the SCE Pre-Owned EV Rebate (Rebate), the applicant (“Applicant”, “Customer” or “you”) must:

1. Be a customer of SCE with an active residential electric Service Account at the time of application submission and must continue to have an active residential electric Service Account at the time the Rebate is received. For clarification:
 - a. Applications with a vehicle registered at an address that has a commercial account for their SCE service are not eligible.
 - b. Community Choice Aggregation (CCA) and Direct Access (DA) customers who receive electric delivery service from SCE may be eligible for the rebate provided other eligibility requirements are met.
 - c. The name on the SCE Service Account does not need to match the Applicant’s name.
2. Own or lease a previously owned (“pre-owned” or “used”) eligible electric vehicle with a current California registration for a minimum of twenty (20) consecutive months after the vehicle purchase or lease date. Lease terms of at least 20 months are required for Rebate eligibility.
 - a. If the Applicant is assuming a lease from a previous lessee, the number of months between the lease transfer date and the lease end date must be at least 20 months to be eligible.
 - b. If the lease agreement submitted does not have a minimum lease term, the vehicle is not eligible for the Rebate unless the Applicant can provide other proof, acceptable to SCE in its sole discretion, that Applicant will lease the vehicle for at least 20 months.
 - c. If the Applicant does not retain ownership or lease of the qualifying EV for 20 months, Applicant agrees to return to SCE a pro rata share of the Rebate amount.
3. Register the vehicle at the same Service Address corresponding to your household’s residential SCE account. The address on the application must match the address listed on the vehicle registration and the Service Address associated with the residential Service Account Number provided.

Note: If the vehicle registration lists a past address, change-of-address documentation will not be accepted in place of an updated registration.

4. Have the vehicle registered in the Applicant's individual name and have paid the current vehicle registration fees in the State of California. Vehicles registered only in the name of a business are not eligible.

Note: Paid registration for a Planned Non-Operational (PNO) vehicle is not acceptable to meet the "proof of current vehicle registration" requirement.

5. Provide a copy of the Applicant's valid California driver's license. If the Applicant is living in California on military orders, the Applicant must provide a copy of a valid, out of state driver's license and the military orders confirming stationing in California.
6. Submit an application to reserve your rebate funds. Applications must be submitted within 180 days of the date of purchase or lease of the EV by the Customer.
 - a. The date of purchase or lease shall be the date listed on the purchase or lease contract.
 - b. If purchased in a private party sale and not purchased from a registered dealer, the Transfer Date on the new owner's Certificate of Title shall be considered the date of purchase. For private-party sales, if the transfer date is missing from the Certificate of Title, additional documentation may be required to confirm your purchase date.
 - c. If an Applicant leases an eligible used vehicle and subsequently purchases that same vehicle, the original lease date of the pre-owned vehicle will be considered the date of purchase or lease for the purposes of the Rebate. The original lease agreement must be submitted by the Applicant to complete the application.
 - d. Applications may expire after 45 days of inactivity.

II. Vehicle Eligibility

To be eligible for the Rebate, a vehicle must:

1. Be a qualified pre-owned (used) Battery Electric Vehicle (BEV) or Plug-in Hybrid Electric Vehicle (PHEV) included on the program website as an eligible vehicle. See evrebates.sce.com/site/vehicles for the complete list. **Note:** Hydrogen Fuel Cell vehicles, Compressed Natural Gas vehicles, electric bikes, electric motorcycles, electric scooters, and neighborhood vehicles are not eligible for the Rebate.
2. Meet the following criteria listed below in (a), or both (b) and (c):
 - a) Vehicle has greater than 7,500 miles on the odometer at the time of purchase.
 - b) Vehicle has been fully registered to a previous owner prior to the Applicant's purchase or lease. It is highly recommended to review a CARFAX® or vehicle history report prior to vehicle purchase to confirm the vehicle was previously registered.
 - c) If purchased at a dealership or retailer, the purchase or lease contract indicates that the vehicle is "Used" OR, if purchased in a private party sale, the Certificate of Title has a Transfer Date present.

If the above requirements are not met, SCE may consider providing a Rebate, at its sole discretion, if the Applicant can provide other evidence demonstrating that the vehicle has been previously owned. If the supporting documents provided by the Applicant does not make clear that the vehicle was previously owned (used) for the purposes of the Rebate, SCE may require additional documentation to confirm eligibility.

3. If leased, leased from a registered dealership, vehicle retailer, or the approved leasing agency. Lease terms of at least 20 months are required for Rebate eligibility.
4. Have been purchased for a price that exceeds the Rebate amount, as evidenced by the sale price on the purchase or lease agreement, if applicable.

A vehicle is not eligible and/or considered pre-owned (used) for the purposes of the Rebate if:

- a. The vehicle was previously unregistered including a dealer demo, executive vehicle, rollback, or unwind that had not been fully registered. It is highly recommended to review a CarFax or vehicle history report prior to purchase to confirm the vehicle was previously registered.
- b. The Applicant received the California Clean Fuel Reward at the point of purchase or lease of the vehicle, regardless of the vehicle status listed on the contract.
- c. The Applicant leases a new vehicle and subsequently purchases that vehicle.

III. Additional Requirements for Rebate Plus

In addition to the SCE Pre-Owned EV Rebate requirements, the Applicant may be eligible for the Rebate Plus option if the Applicant meets specific income-based criteria, as set forth under either of the two scenarios below:

1. **Scenario 1:** Applicant participated in and provides proof of enrollment, listing the Applicant as the participant, for at least one eligible public assistance program **at the date of purchase or lease of the EV**. The public assistance programs eligible for the Rebate Plus option are found on the Program website at evrebates.sce.com.
 - a. The name of the Applicant must match the name of the participant enrolled in the eligible public assistance program to be eligible. The proof of enrollment in an eligible public assistance program must be dated within 180 of the application submission date and valid during the period of the vehicle purchase. Additional details on the proof of enrollment documentation may be required for specific public assistance programs, as requested by SCE. If enrollment cannot be verified or if required details are missing from provided documents, the Applicant must provide proof of enrollment in another eligible public assistance program or must go through income verification in order to be eligible for Rebate Plus.
 - b. Proof of enrollment documentation that lists the Applicant as a dependent will be considered proof of dependency status and the Applicant will not be eligible for Rebate Plus.

- c. If an Applicant is under the age of 18, additional documentation will be requested to verify dependency status.
2. **Scenario 2:** Applicant and their household meet the annual gross income limits set for their household size and the county within the Southern California Edison territory they resided in at the time of vehicle purchase or lease. Income limits for each county in Southern California Edison territory are based on the State Income Limits set by California's Department of Housing and Community Development ("HCD") and are updated annually. An Applicant can reference the current program income limits for each zip code and household size at evrebates.sce.com.
- a. For the purposes of the Program, "household size" means the taxpayer(s) and any individuals who are claimed as dependents on the federal income tax return filed for the same year of the purchase or lease date of the vehicle. If the tax return for the year of purchase or lease has not yet been filed, the most recently filed tax return within two (2) years of the year of vehicle purchase or lease will be required for household size verification. Individuals that reside at the Service Account address but that are not listed on the Applicant's filed tax return will not be included in the "household size" for the purposes of determining eligibility for Rebate Plus.
 - b. For the purposes of the Program, "gross income" includes both taxable and non-taxable income. This includes, but is not limited to, the following: Wages, unemployment, workers' compensation, Social Security, Supplemental Security Income, public assistance, veterans' payments, survivor benefits, pension or retirement income, interest, dividends, rents, royalties, income from estates, trusts, educational assistance, alimony, child support, assistance from outside the household, and other miscellaneous sources. *In addition, any reference to a "tax return" means an official IRS Form 1040 tax return transcript, obtained directly from the Internal Revenue Service (IRS) by the Applicant, through the IRS portal or an official IRS request method. Copies of filed federal income tax returns (Form 1040), tax summaries, screenshots, or other non-transcript documents are not accepted unless expressly requested by Southern California Edison (SCE) in its sole discretion*
 - c. As proof of income eligibility, Applicants must provide their most recent tax return transcript from the IRS website (<https://www.irs.gov/individuals/get-transcript>) or by calling 800-908-9946.
 - d. If an application is submitted prior to the deadline for the last complete tax year's return, the return for the previous year will be requested instead.

For example, an applicant applying before the deadline to file their 2025 tax return will be asked to provide their 2024 tax return transcript.

- e. If an applicant has filed for the most recent tax year before the tax filing deadline and the IRS has completed processing their return, then the applicant may request that their income is evaluated on their most recently filed tax return. This request must be made before the Applicant's Rebate Plus application is processed.

For example, an applicant who had already filed their 2025 taxes in February of 2026 and applied in March of 2026 may request that their tax return for tax year 2025 be

- evaluated. However, once Income Verification has been completed for an application, requests to adjust tax years or household sizes to accommodate income limit eligibility will not be considered.
- f. If the tax return for the year of purchase or lease has not yet been filed, the most recently filed tax return within two (2) years of the year of vehicle purchase or lease will be requested for income verification.
 - g. If an Applicant has not filed a tax return within two (2) years of the year the vehicle was purchased or leased, SCE may, in its sole discretion, consider additional documentation to calculate income. Examples of additional documentation that may be required include pay stubs, W2's, Supplemental Security Income ("SSI") benefit documents, etc. Filing an extension for the tax year being requested is not considered filing for the purposes of the Program's income calculations. In these cases, additional documentation may be requested to evaluate the Applicant's income for that non-filing year. If the Applicant is unable to provide additional requested documentation to complete income verification, the Applicant is not eligible for the Rebate Plus option.
 - h. If an Applicant meets all eligibility requirements, but their household income is determined to be above the income limit or the Applicant was claimed as a dependent in the relevant tax year, the Application will automatically be approved for the standard Rebate amount. If the Applicant intends to file an amended tax return, the amended tax return must be filed and processed by the IRS by the time of application review in order to be considered for the Rebate Plus option. **Note:** An exemption number of 0 on the applicant's filed tax return transcript will be considered proof of dependency status and the Applicant will not be eligible for Rebate Plus.
- 3. An Applicant who is claimed as a dependent for federal income tax purposes for the tax year the vehicle is purchased or leased, as verified on the last filed, complete tax year's return transcript, is not eligible for the Rebate Plus option regardless of that person's income. Applicants with a vehicle registered to a Trust are not eligible for Rebate Plus.
 - 4. Applicants who apply for only the standard Rebate option and are approved for the standard Rebate option will not be eligible to later submit an additional Application for the Rebate Plus option for the same vehicle, regardless of the Applicant's income qualifications at the time of original Application submission or after.

IV. Application Process

- 1. Incomplete or incorrect applications will not be processed. Applications must include all required information, including acceptable proof of vehicle purchase/lease, valid vehicle registration, and proof that the EV is pre-owned (used). An applicant must respond to requests for additional information to complete or correct an Application within the time period given by SCE. Failure to timely complete or correct an Application will result in the expiration of the Application. Applications may expire after 45 days of inactivity.
- 2. An Applicant's name and address on the Application must be an exact match to at least one name shown on the vehicle registration. However, if the Applicant's name entered on

the Application is not an exact match, SCE may, in its sole discretion, if it determines that the names are substantially similar, edit the applicant's name to match that on the vehicle registration (e.g., "Matt" becomes "Matthew").

3. If an Applicant's name entered on the application is not the same name as at least one registered owner of the vehicle on the registration, the Application will be rejected. A registered owner may submit a new application in their own name, if eligible.
4. An Applicant with an eligible EV registered in the name of a Trust are eligible to apply for a Rebate in the name of the Trust as it is written on the registration, or in the name of the confirmed trustee; however, the Applicant is ineligible for the Rebate Plus option. SCE may request a copy of the certification of trust or other documentation to confirm the name of the trustee.

V. Program Limitations

1. If you have multiple eligible EVs in your household (i.e., all occupants using the same SCE residential Service Account), your household may receive up to three (3) Rebates for eligible vehicles purchased in the same calendar year, one for each qualifying pre-owned EV. Note: On a case-by-case basis, and in SCE's sole discretion, SCE may waive this limitation upon request (i.e., where a multi-unit dwelling shares a Service Account).
2. Only one Pre-Owned EV Rebate may be issued to a registered owner or lessee per EV, as identified by the VIN. If the qualifying EV is co-owned or co-leased, only one co-owner or co-lessee is eligible for a Rebate, and no co-owner(s) or co-lessee(s) of the Applicant, at the time of purchase or lease or thereafter, may apply for a Rebate for the same EV at any time, even if Applicant is removed from the vehicle registration or any owner(s)/lessee(s) move to a new residential address.
 - a. For the avoidance of doubt, an Applicant is not eligible to receive a Rebate for a vehicle via the SCE Pre-Owned EV Rebate program if the Applicant, or a co-owner or co-lessee of the Applicant, previously received a rebate via the SCE Clean Fuel Reward Program, the California Clean Fuel Reward, Pacific Gas & Electric (PG&E) Pre-Owned EV Rebate, or San Diego Gas & Electric (SDG&E) Pre-Owned EV Rebate for the same vehicle. Attempts to receive a Pre-Owned EV Rebate from more than one program for the same vehicle may result in a lifetime ban from receiving a future Pre-Owned EV Rebate from SCE, PG&E, and/or SDG&E.
3. Effective July 15, 2026, each individual Applicant may receive one (1) Rebate within a 24-month period and a maximum of three (3) Rebates, beginning with Applications submitted December 2nd, 2021, through the life of the program.
4. Owner(s) or lessee(s) at the same residential address are eligible for only one SCE new or pre-owned (used) Rebate for the same qualified vehicle registered at that same address, as evidenced by the vehicle registration. The Applicant agrees not to apply, or to cause anyone else in his or her household to apply, for more than one SCE new or used EV rebate for the same EV, even if there is a transfer of ownership within the same household.
